

**INDEPENDENT
CHEMICAL
CORPORATION**

Providing More Than Just Good Chemistry for Over 65 Years

INDEPENDENT CHEMICAL CORPORATION

For over 65 years, Independent Chemical Corporation has supplied liquid & dry chemical products for major domestic and international manufacturers. With continued emphasis on service and quality, we sell thousands of different products for end uses ranging from foods, pharmaceuticals, cosmetics, textiles, detergents, environmental remediation, water treatment, coatings, and beyond. In addition to our ever growing product lines, we have partnerships providing custom manufacturing and re-packaging to meet all our customer's needs.

Services

Independent Chemical offers prompt delivery of liquid & dry chemical products in sizes from tank truck/rail car to intermediate bulk containers (IBC), drums or pails. We deliver both via our fleet of van and tank trailers & contract carriers from our company owned facilities plus leased facilities throughout the United States and Canada. We are ISO-9001 and Kosher Certified, and inspected by the American Institute of Baking (AIB), the New York State Department of Agriculture and the U.S. Food & Drug Administration.

For over 65 years the Spielman Family has been part of the chemical distribution industry; Steven Spielman left and Jonathan Spielman right, are technically trained, service oriented, and part of our team dedicated to customer satisfaction.

Bottom left: Our friendly staff can easily accommodate specific customer requirements from just in time delivery, to lot selection, bar coding, tailgate delivery, and customized returnable container programs.

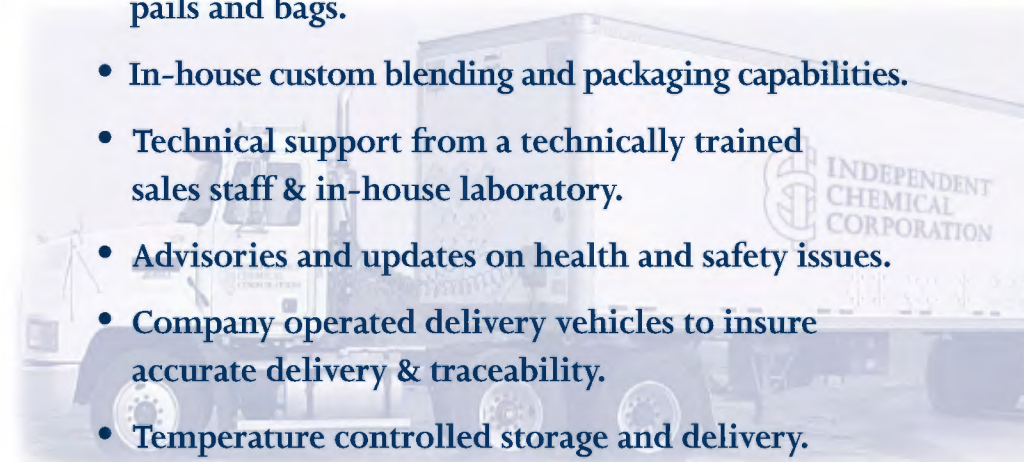

Top & bottom right: Independent Chemical Corporation has 100,000+ square feet of warehouse space and an inventory of over 1000 products to meet the needs of every industry.

Company Highlights

- Representing leading manufacturers worldwide.
- Customized logistics to insure just-in-time service.
- Customized product sourcing and packaging to meet a wide range of industrial needs.
- Product packing in sizes from bulk to drums, pails and bags.
- In-house custom blending and packaging capabilities.
- Technical support from a technically trained sales staff & in-house laboratory.
- Advisories and updates on health and safety issues.
- Company operated delivery vehicles to insure accurate delivery & traceability.
- Temperature controlled storage and delivery.
- Local stocking on most products for immediate delivery.

Typical Product Applications

Products for Environmental Remediation

- Alkalis/Acids
- Chelants
- Hydrogen Peroxide
- Metal Catalysts

Products For Flavor & Fragrance

- Acidulents
- Diluents
- Humectants
- Surfactants
- Solvents

Products for Graphic Arts

- Alkalis/Acids
- Chelants
- Preservatives
- Solvents
- Surface Sensitizers

Products for Household & Industrial Cleaners

- Acids/Alkalies
- Alcohols
- Anti-chlors
- Chelating Agents
- Defoamers
- Optical Brighteners
- Oxidizers/Bleaches
- Sanitizers
- Surfactants
- Thickeners

Products for Metal Finishing

- Alkalis/Acids
- Chelants
- Oxidizers
- Metal Salts

Products for Paints & Coatings

- Alkalies-volatile & non-volatile
- Flash Rust Inhibitors
- Pigment Dispersants
- Solvents
- Surfactants

Products for Photography

- Developers
- Fixers
- Stabilizers

Products for Swimming Pools

- Alkalis & Acids
- Anti-Chlors
- Flocculents
- Water Hardness Control

Products for Textile Finishing

- Acids, Alkalies & Chelants
- Oxidizers & Reducing Agents
- Softeners, levelers

Products for Water Treatment

- Alkalies
- Chelants
- Corrosion Preventatives
- Oxygen Scavengers
- Polymers-Homo, Co, & Tert
- Trace Compounds

Typical Product Applications

For over 60 years, Independent Chemical Corporation has provided the prompt delivery of liquid & dry chemical products from major domestic and international manufacturers.

With continued emphasis on service and quality, we sell over 3000 different products and stock over 1000 in our company owned facilities.
